PART II: REQUESTOR'S POSITION SUMMARY

Requestor's Position Summary: "Understanding that TWCC is wanting to move to a hospital reimbursement of a %-over-Medicare, we have used that methodology in our calculation of fair and reasonable. Medicare would have reimbursed the provider at the base APC rate of \$1,495.64 for APC number 054. Allowing this at 140% would yield a fair and reasonable allowance of \$2,093.90." "In addition Medicare would have reimbursed the provider for the second OR service at half the APC rate so they would allow \$747.82 for APC number 054. Allowing this at 140% would yield a fair and reasonable allowance of \$1,046.95. They also would have allowed us a quarter of the APC rate on the third OR service so they would have allowed \$257.69 for APC number 220. This at 140% would make the payable amount \$360.77."

Amount in Dispute: \$2,501.62

PART III: RESPONDENT'S POSITION SUMMARY

Respondent's Position Summary: "Carrier calculated the reimbursement based upon proprietary data from CIS as a measure of Fair and Reasonable. EOB is attached. Requestor has billed this as Bill Type 131 and has not shown that the DWC ASC Fee Guideline (28 TAC § 134.402) does not apply." "By definition, ambulatory surgery is appropriate in medical situations requiring treatment that is less intensive than inpatient surgery." "Medicare sets rates for ambulatory surgery generally lower than the acute care inpatient hospital per diems." "Given these deemed fair and reasonable reimbursements under commission rules, Requestor's assertion that it is entitled to a total of \$3,501.62 is not credible." "Because Requestor has failed to prove that the reimbursement received is not fair and reasonable, Requestor is not entitled to further reimbursement."

PART V: REVIEW OF SUMMARY, METHODOLOGY AND EXPLANATION

Texas Labor Code § 413.011(a-d), titled *Reimbursement Policies and Guidelines*, and Division rule at 28 Texas Administrative Code §134.1, titled *Medical Reimbursement*, effective May 2, 2006 set out the reimbursement guidelines.

This request for medical fee dispute resolution was received by the Division on March 26, 2007.

1. For the services involved in this dispute, the respondent reduced or denied payment with reason codes:

- L001, W10-No maximum allowable defined by fee guideline. Reimbursement made based on insurance carrier fair and reasonable reimbursement methodology.
- 850-068-The recommended payment reflects a fair, reasonable and consistent methodology for reimbursement pursuant to the criteria set forth in Section 413.011(D) of the Texas Workers' Compensation Act.

- M-No MAR.
 - W4-No additional reimbursement allowed after review of appeal/reconsideration.
 - 920-002-In response to a provider inquiry, we have re-analyzed this bill and arrived at the same recommended allowance.
2. This dispute relates to outpatient surgical services provided in a hospital setting with reimbursement subject to the provisions of Division rule at 28 TAC §134.1, effective May 2, 2006, 31 TexReg 3561, which requires that, in the absence of an applicable fee guideline, reimbursement for health care not provided through a workers' compensation health care network shall be made in accordance with subsection §134.1(d) which states that "Fair and reasonable reimbursement: (1) is consistent with the criteria of Labor Code §413.011; (2) ensures that similar procedures provided in similar circumstances receive similar reimbursement; and (3) is based on nationally recognized published studies, published Division medical dispute decisions, and values assigned for services involving similar work and resource commitments, if available."
 3. Texas Labor Code §413.011(d) requires that fee guidelines must be fair and reasonable and designed to ensure the quality of medical care and to achieve effective medical cost control. The guidelines may not provide for payment of a fee in excess of the fee charged for similar treatment of an injured individual of an equivalent standard of living and paid by that individual or by someone acting on that individual's behalf. It further requires that the Division consider the increased security of payment afforded by the Act in establishing the fee guidelines.
 4. Division rule at 28 TAC §133.307(c)(2)(A), effective December 31, 2006, 31 TexReg 10314, applicable to disputes filed on or after January 15, 2007, requires that the request shall include "a copy of all medical bill(s)... as originally submitted to the carrier and a copy of all medical bill(s) submitted to the carrier for reconsideration..." Review of the documentation submitted by the requestor finds that the requestor has not provided a copy of all medical bill(s) as originally submitted to the carrier. The Division concludes that the requestor has not met the requirements of Division rule at 28 TAC §133.307(c)(2)(A).
 5. Division rule at 28 TAC §133.307(c)(2)(F)(iv), effective December 31, 2006, 31 TexReg 10314, applicable to disputes filed on or after January 15, 2007, requires that the request shall include a position statement of the disputed issue(s) that shall include "how the submitted documentation supports the requestor position for each disputed fee issue." Review of the requestor's documentation finds that the requestor has not discussed how the submitted documentation supports the requestor position for each disputed fee issue. The Division concludes that the requestor has not met the requirements of Division rule at 28 TAC §133.307(c)(2)(F)(iv).
 6. Division rule at 28 TAC §133.307(c)(2)(G), effective December 31, 2006, 31 TexReg 10314, applicable to disputes filed on or after January 15, 2007, requires the requestor to provide "documentation that discusses, demonstrates, and justifies that the amount being sought is a fair and reasonable rate of reimbursement in accordance with §134.1 of this title (relating to Medical Reimbursement) when the dispute involves health care for which the Division has not established a maximum allowable reimbursement (MAR), as applicable." Review of the submitted documentation finds that:
 - The requestor's position statement states that "Understanding that TWCC is wanting to move to a hospital reimbursement of a %-over-Medicare, we have used that methodology in our calculation of fair and reasonable. Medicare would have reimbursed the provider at the base APC rate of \$1,495.64 for APC number 054. Allowing this at 140% would yield a fair and reasonable allowance of \$2,093.90." "In addition Medicare would have reimbursed the provider for the second OR service at half the APC rate so they would allow \$747.82 for APC number 054. Allowing this at 140% would yield a fair and reasonable allowance of \$1,046.95. They also would have allowed us a quarter of the APC rate on the third OR service so they would have allowed \$257.69 for APC number 220. This at 140% would make the payable amount \$360.77."
 - The requestor does not discuss or explain how payment of 140% of Medicare allowable would result in a fair and reasonable reimbursement.
 - The requestor did not submit documentation to support that the payment amount being sought is a fair and reasonable rate of reimbursement.
 - The requestor did not discuss or explain how payment of the requested amount would ensure the quality of medical care, achieve effective medical cost control, provide for payment that is not in excess of a fee charged for similar treatment of an injured individual of an equivalent standard of living, consider the increased security of payment, or otherwise satisfy the requirements of Texas Labor Code §413.011(d) or Division rule at 28 TAC §134.1.
 - The requestor did not discuss or support that the proposed methodology would ensure that similar procedures provided in similar circumstances receive similar reimbursement.
 - The requestor did not submit nationally recognized published studies, published Division medical dispute decisions, or documentation of values assigned for services involving similar work and resource commitments to support the proposed methodology.

The request for additional reimbursement is not supported. Thorough review of the documentation submitted by the requestor finds that the requestor has not demonstrated or justified that payment of the amount sought would be a fair and reasonable rate of reimbursement for the services in dispute. Additional payment cannot be recommended.

7. The Division would like to emphasize that individual medical fee dispute outcomes rely upon the evidence presented by the requestor and respondent during dispute resolution, and the thorough review and consideration of that evidence. After thorough review and consideration of all the evidence presented by the parties to this dispute, it is determined that the submitted documentation does not support the reimbursement amount sought by the requestor. The Division concludes that this dispute was not filed in the form and manner prescribed under Division rules at 28 Texas Administrative Code §133.307(c)(2)(A), §133.307(c)(2)(F)(iv) and §133.307(c)(2)(G). The Division further concludes that the requestor failed to support its position that additional reimbursement is due. As a result, the amount ordered is \$0.00.
